

Effectively streamline your entire payment processing system with ProCharge®! Our comprehensive platform automatically integrates all payment solutions, syncing transaction data across multiple devices.

ProCharge® Platform enables you to process transactions via credit card terminals, mobile devices or an online virtual terminal – an in-house gateway with support for secure cardholder data storage and recurring billing. All transaction data is synced between devices, effortlessly allowing access to data and the ability to process transactions anytime, anywhere.

We understand that every business is different, which is why all devices and applications integrated with ProCharge Platform – including Mobile, Payment Gateway and Plugin – may be used as a stand-alone payment processing solution or as a fully-integrated platform!

CHARGE
with ProCharge® Platform

Process transactions on any Mobile device or point-of-sale system, including IP and dial-up terminals!

MANAGE
via ProCharge® Payment Gateway

Transaction data instantaneously integrates into Payment Gateway, constantly providing real-time activity and account updates.

SYNC
with QuickBooks®

Account activity automatically syncs with QuickBooks®! Also manage batch processing, e-invoicing and billing directly from the Plugin.

QuickBooks® is a registered trademark of Intuit Inc. in the United States and other countries, used under license.

Since 2000, Electronic Payments has been a leading innovator in payment processing solutions. The company empowers merchants nationwide with state-of-the-art technologies and services that optimize business operations and enhance the merchant services experience. PROCHARGE® PLATFORM

One Platform. Endless Solutions.

PRODUCT OVERVIEW

Transform your mobile device into an instantaneous point-of-sale system and accept all major card brands, gift cards, refund customers and reconcile sales anytime from anywhere. ProCharge® Mobile includes features designed to streamline efficiency including signature capture, tip and tax adjust, calculator, the ability to email receipts, support for multi-tender transactions and more!

ProCharge Mobile enables you to take your business everywhere and benefit from:

- ▶ User-friendly app
- ▶ Encrypted swiper
- ▶ Integrated gift card processing

Works with iOS and Android™ devices.
Android is a trademark of Google Inc.

ProCharge® Payment Gateway was developed in-house and automatically integrates all payment solutions through one common platform and syncing all transaction data. Featuring a user-friendly virtual terminal, you can process payments, voids, refunds and gift card transactions, plus view real-time reporting and activity details straight from your web browser. And with the secure storage of cardholder data, you can setup recurring billing, automatic e-invoicing and manage customer accounts at any time.

ProCharge® Plugin streamlines your entire accounting process, allowing you to manage batch processing, e-invoicing, recurring billing, and refunds directly through the accounting software. Simply login to your existing QuickBooks® account and your transaction and billing data will automatically integrate – in real-time!

ProCharge® Plugin is designed for QuickBooks® Accounting Software versions Pro and Premier 2010-2015 Editions for Windows and Enterprise Solutions V10-15 for Windows*.

ProCharge® POS Plugin offers seamless integration with QuickBooks® Point of Sale, simplifying the payment and accounting process. Continue to use your current QuickBooks® POS system and enjoy all the benefits of ProCharge!

ProCharge® POS Plugin is designed for QuickBooks® Point of Sale 2011, 2013 and 2015.

*Multi-user capable where supported; see system requirements for version information.

QuickBooks® is a registered trademark of Intuit Inc. in the United States and other countries, used under license.

Value-Added Opportunities

Your Tools for Success

While ProCharge® was developed to enhance the merchant services experience, it will also be your most valuable asset and tool, expanding your portfolio like never before.
